*Power of Lies* - Aurnyn Hadley  
2019-01-15

Everyone lies. When working for a sex mage, it's the only way to stay safe. That's the first thing Jaeda learns when she's named as the Chosen. The mage needs a sacrifice,

and she's willing to give it. Maybe too willing. After all, this man is lust incarnate; a woman would have to be insane not to want him, even if he is dangerous. But desiring someone's body is very different from falling in love. In her line of work, the two must never be confused. She doesn't even know his name! He's simply The Jackal, a terrifyingly powerful sex mage, and she's his altar. Her lust fuels him. He

needs it. And that puts her in control. Now, she gets to spend her days with a mage who wields sex like a weapon and his assistant who's as irresistible as some long-lost god brought to life. The things they do to her body are amazing, and the rest? These men want to spoil her with the kind of riches she's always dreamed of. It's the best job she can imagine.

Unfortunately, it's never that easy. This is supposed to be about making magic - that's it. Feelings have no place in a mage's temple. Affection is a curse. But when the enemy decides she'll make the perfect weapon to steal the Jackal's power, what's she supposed to do? After all, she's just a stupid girl caught in the middle. Her job is to just lie back and take it. Except, someone's been lying. It might even be her. *POWER OF LIES* is a complete novel with a reverse harem, polyamorous storyline. It is intended for a mature audience due to the presence of consensual sex, group sex, M/M scenes, and plenty of

vulgar language - as well as some potentially triggering violence since the bad guys don't always play nice. While this is a love story, it may not be right for all readers.

*Racecraft* - Barbara J. Fields  
2022-02-01

A new edition of a celebrated contemporary work on race and racism Praised by a wide variety of people from Ta-Nehisi Coates to Zadie Smith, *Racecraft* "ought to be positioned," as Bookforum put it, "at the center of any discussion of race in American life." Most people assume racism grows from a perception of human difference: the fact of race gives rise to the practice of racism. Sociologist Karen E. Fields and historian Barbara J. Fields argue otherwise: the practice of racism produces the illusion of race, through what they call "racecraft." And this phenomenon is intimately entwined with other forms of inequality in American life. So pervasive are the devices of racecraft in American history, economic doctrine, politics,

and everyday thinking that the presence of racecraft itself goes unnoticed. That the promised post-racial age has not dawned, the authors argue, reflects the failure of Americans to develop a legitimate language for thinking about and discussing inequality. That failure should worry everyone who cares about democratic institutions.

One surly bear and one bunny boy...what could possibly go wrong? Jagger Osterman is having a bad day. In fact, he's not the slightest bit impressed with 2015 at all. His job is on the line, and it's not like he loves being a marketing wunderkind, but he has to do something to pay the bills. If he had his way, he'd just vanish into the mountains and live out

his life as the black bear he yearns to shift into.

Unfortunately, Jagger doesn't have the time to let his beast run. He has responsibilities that he can't walk away from. Kevin Kelly could tell Jagger a thing or two about bad days, bad years, and just out and out bad luck. He made the mistake of smarting off to a curandera years ago and hasn't been able to shake the curse she put on him yet. There's not an area of his life that hasn't been screwed up in one way or another. As a pronghorn shifter, he'd be okay on his own in the wild. Sure, there'd be predators, but Kevin had come to realize the worst predators were the human kind. But he can't shift. He's been solidly bound to human form since being cursed. Two men, both trapped in their own ways.

They're about to find out that freedom comes in many forms. [Tropical Bartender Bear](#) - Zoe Chant 2019-09-08

**Kindred** - Octavia E. Butler  
2004-02-01

From the New York Times  
bestselling author of Parable of  
the Sower and MacArthur  
“Genius” Grant, Nebula, and  
Hugo award winner The  
visionary time-travel classic  
whose Black female hero is  
pulled through time to face the  
horrors of American slavery  
and explores the impacts of  
racism, sexism, and white  
supremacy then and now. “I  
lost an arm on my last trip  
home. My left arm.” Dana’s  
torment begins when she  
suddenly vanishes on her 26th  
birthday from California, 1976,  
and is dragged through time to  
antebellum Maryland to rescue  
a boy named Rufus, heir to a  
slaveowner’s plantation. She

soon realizes the purpose of  
her summons to the past:  
protect Rufus to ensure his  
assault of her Black ancestor so  
that she may one day be born.  
As she endures the traumas of  
slavery and the soul-crushing  
normalization of savagery,  
Dana fights to keep her  
autonomy and return to the  
present. Blazing the trail for  
neo-slavery narratives like  
Colson Whitehead’s The  
Underground Railroad and Ta-  
Nehisi Coates’s The Water  
Dancer, Butler takes one of  
speculative fiction’s oldest  
tropes and infuses it with  
lasting depth and power. Dana  
not only experiences the  
cruelties of slavery on her skin  
but also grimly learns to accept  
it as a condition of her own  
existence in the present.  
“Where stories about American  
slavery are often gratuitous,  
reducing its horror to explicit  
violence and brutality, Kindred  
is controlled and precise” (New  
York Times). “Reading Octavia  
Butler taught me to dream big,

“Shelly Laurenston’s shifter books are full of oddball characters, strong females with attitude and dialogue that can have you laughing out loud.”  
—The Philadelphia Inquirer  
Some men just have more to offer. Like hard-muscled, shape-shifting Bo Novikov--part polar bear, part lion, pure alpha... Ten years after Blayne Thorpe first encountered Bo Novikov, she still can't get the smooth-talking shifter out of her head. Now he's shadowing her in New York--all seven-plus

feet of him--determined to protect her from stalkers who want to use her in shifter dogfights. Even if he has to drag her off to an isolated Maine town where the only neighbors are other bears almost as crazy as he is. Let sleeping dogs lie. Bo knows it's good advice, but he can't leave Blayne be. Blame it on her sweet sexiness--or his hunch that there's more to this little wolfdog than meets the eye. Blayne has depths he hasn't yet begun to fathom--much as he'd like to. She may insist Bo's nothing but a pain in her delectable behind, but polar bears have patience in spades. Soon she'll realize how good they can be together. And when she does, animal instinct tells him it'll be worth the wait... "Non-stop laughter, snark, and witty banter."

He's the most feared shifter in the sea. She's a middle-aged grandma from Arizona. He may have finally met his match... Hated and mistrusted. Feared and misunderstood. For decades, the Master Shark has protected the underwater city of Atlantis. Now, his Empress has set him his most difficult mission yet: A relaxing beach vacation. Coyote shifter Martha Hernandez doesn't want to take a vacation. And she definitely doesn't want to bang this mysterious scarred, silent stranger like a screen door in a hurricane. Nope nope nope. No matter that he's her one true mate. She's a respectable widow with no call to be having such fool notions at her time of life. What would her family think? But he is the Master Shark. And he has never failed in the hunt. ### **The Brain That Changes Itself** - Norman Doidge

2007-03-15

"Fascinating. Doidge's book is a remarkable and hopeful portrait of the endless adaptability of the human brain."—Oliver Sacks, MD, author of *The Man Who Mistook His Wife for a Hat*

What is neuroplasticity? Is it possible to change your brain? Norman Doidge's inspiring guide to the new brain science explains all of this and more. An astonishing new science called neuroplasticity is overthrowing the centuries-old notion that the human brain is immutable, and proving that it is, in fact, possible to change your brain.

Psychoanalyst, Norman

Doidge, M.D., traveled the country to meet both the brilliant scientists championing neuroplasticity, its healing powers, and the people whose lives they've transformed—people whose mental limitations, brain damage or brain trauma were seen as unalterable. We see a woman born with half a brain that rewired itself to work as a whole, blind people who learn to see, learning disorders cured, IQs raised, aging brains rejuvenated, stroke patients learning to speak, children with cerebral palsy learning to move with more grace, depression and anxiety disorders successfully treated, and lifelong character traits changed. Using these marvelous stories to probe mysteries of the body, emotion, love, sex, culture, and education, Dr. Doidge has written an immensely moving, inspiring book that will permanently alter the way we look at our brains, human nature, and human potential.

A decade ago, *The Bonfire of the Vanities* defined an era--and established Tom Wolfe as our prime fictional chronicler of America at its most outrageous and alive. This time the setting is Atlanta, Georgia--a racially mixed late-century boomtown full of fresh wealth, avid speculators, and worldly-wise politicians. The protagonist is Charles Croker, once a college football star, now a late-middle-aged Atlanta real-estate entrepreneur turned conglomerate king, whose expansionist ambitions and outsize ego have at last hit up against reality. Charlie has a 28,000-acre quail-shooting plantation, a young and demanding second wife--and a half-empty office tower with a staggering load of debt. When star running back Fareek Fanon--the pride of one of Atlanta's grimmest slums--is accused of raping an Atlanta blueblood's daughter, the city's delicate racial balance is shattered overnight. Networks of illegal Asian immigrants crisscrossing the continent, daily life behind bars, shady

real-estate syndicates, cast-off first wives of the corporate elite, the racially charged politics of college sports--Wolfe shows us the disparate worlds of contemporary America with all the verve, wit, and insight that have made him our most phenomenal, most admired contemporary novelist. *A Man in Full* is a 1998 National Book Award Finalist for Fiction.
