Ducati Bevel Twins 1971 to 1986 - Ian Falloon
2013-11

Ducati's classic 750, 860 900 and Mille bevel-drive twins from 1971-1986 are now among the most collectable bikes in the world. Although built in relatively small numbers, there are many individual model differences that can make their authentic restoration difficult. This book serves as a definitive guide to authenticity and gives hands-on restoration tips and guidance. -

Detailed description of individual model differences -Restoration tips and guidance based on years of practical experience -Correct information for decal place-Guide to colours and paint codes -Advice on how to find the right motorcycle -Companion to the Bevel Twin books in the Bible series

Ducati Desmoquattro Superbikes - Ian Falloon 2002-06

Ducati stunned the world in 1988 when the struggling, small Italian firm unleashed its Desmoquattro -- 8-valve, desmodromic -- Superbike. The bike found success on the world's racetracks right from the start. Road-going versions soon carried that success to the general public, proving this design wasn't just another noisy prototype. The Superbikes -- 748, 851, 888, 916, and 996 -- are now Ducati's best-selling machines in the United States; and the Desmoquattro engine found its way into the company's more pedestrian series such as the Monster roadster and ST4 sport-tour. This is the

comprehensive volume on Ducati's ultimate performance motorcycles and replaces the out-of-print Ducati Super Bikes: 851, 888, 916.

The Red Baron's Ultimate Ducati Desmo Manual - Eduardo Cabrera Choclán 2018-07-10

With the rhythm of their mechanical soul, and powerful twin heartbeat, Ducatis are motorcycles for true lovers of voluptuous Italian style and character. If you're passionate about your Ducati, wish to know your motorcycle in real depth, and keep it in perfect shape with the loving care she'll only receive from you, this is your book. This is a comprehensive service manual for you, and your Ducati, that will help you to perform all maintenance & repair operations in your own home workshop. From basic servicing to the most complex repair and adjustment operations, everything is covered.

The bike range covered here goes from the first 1980 "Pantah" to the latest "Testastretta Evoluzione" models, and covers 30 years of Ducati models. Within these pages you will discover the secrets of your pride and joy, and be enabled to enjoy making repairs or carrying out maintenance in your workshop or garage.

The Ducati 750 Bible - Ian Falloon 2006-08-10

The Ducati 750 motorcycles were among the last pure, unadulterated sporting motorcycles built--representing a time before cost accounting and government design requirements--and have, unsurprisingly, inspired a new generation of retro classics.

The Ducati Story - 6th Edition - Ian Falloon
2018-06-19

The Ducati Story is brought right up to date in this new edition of Ian Falloon's authoritative book, covering the complete history of the marque. Initially under government control, Ducati went through several decades of ups and downs, characterized by dubious managerial decisions. Held together by the great engineer Fabio Taglioni, the father of desmodromic valve gear, Ducati produced some of the finest motorcycles of the 1950s, 1960s and 1970s: the Marianna, desmo 125 single, Mach 1, 750 and Pantah. Taglioni also instigated Ducati's return to racing, and victory in the 1972 Imola 200 was the turning point. Mike Hailwood rode the 900 Ducati to victory in the 1978 Isle of Man Formula One race and Tony Rutter took four World TT2 Championships. Cagiva purchased Ducati in 1985, bringing a new engineer, Massimo Bordi, and new designs - most famously the Desmoquattro. In various guises, this model dominated the World Superbike Championship during the 1990s, particularly in the hands of Carl Fogarty. Landmark models included the 916 and Monster, and, with the sale of Ducati to the Texas Pacific Group in 1996, the company continued to grow. The racing program expanded to MotoGP and new model families were introduced. With control taken by the Italian company InvestIndustrial in 2006, Ducati embarked on the next era of development: Casey Stoner winning the MotoGP World Championship in 2007. Now under the Audi umbrella Ducati continues to thrive. This new edition includes a brand new chapter featuring all the models from 2012 up to 2018.

Ducati Belt-Drive Two-Valve Twins Restoration Guide - Ian Falloon 2012-10

Introduced in 1979, Ducati's belt-drive bikes represented a huge step forward in performance. This hands-on guide helps owners ensure originality during restoration and modification by identifying key components of the 500/600/650SL, 750 F1, 750 Sport, 750SS, 900SS, Monster, Elefant, and other two-valve belt-drive built since '79. This revised edition has been updated with new information for its 2012 release.

The Complete Book of Ducati Motorcycles - Ian Falloon 2016-07

From the single-cylinder bikes of the 1950s to the high-performance sportbikes of today, The Complete Book of Ducati Motorcycles showcases the entire spectrum of Ducati. Legendary Ducati motorcycles have something of a rags-to-riches story. This Italian motorcycle manufacturer began by selling motorized bicycles to impoverished residents of post-World War II Italy. Today, Ducati is the world's premier manufacturer of street motorcycles whose sales continue to rise year after year. Its svelte, hyper-accelerating motorcycles are two-wheeled wonders that are fluent in the language of speed. The Complete Book of Ducati Motorcycles traces the stunning chronology of the motorcycles dreamed up by Ducati, from the 1950s to present day. Laid out for the first time in encyclopedia form with gorgeous photography

and insights from Ducati expert Ian Falloon, this book offers motorcycle enthusiasts a closer look at the craftsmanship, power, and beauty of these extraordinary motorcycles. The book features all of the motorcycles from Ducati's storied history, including the groundbreaking Desmodromic 750 Super Sport, the Mike Hailwood Replica, the Superbike-dominating 916, and the epic Panigale. From the street bikes that gave birth to the very notion of the modern superbike to the racing motorcycles that dominated tracks in Great Britain, Europe, and North America since the latter part of the twentieth century, *The Complete Book of Ducati Motorcycles* runs the full gamut of sportbikes. It's a collection that demands shelf space in the library of any true motorcycle collector or fan.

Ducati Desmoquattro Twins - Ian Falloon
