Drought Preparedness and Response - 2011

Providing a reliable supply of water requires being prepared for water shortages of varying degree and duration. What can a municipal water supplier do to mitigate water shortages caused by drought? Preparing for drought and water shortages before they occur is the best defense. This manual will help water managers facing water shortages by illustrating how to employ tried-and-true strategies and tactics of drought mitigation, as well as new tools and methods. Managing water shortages involves temporarily reducing demand and finding alternate water to temporarily increase supply. There are options available to water managers to accomplish this. The manual provides a proven, seven-step process to anticipate and respond to water shortages through a structured planning process.

Heart Minded - Sarah Blondin 2020-06-16

A treasury of meditations for living from your heart—from a top teacher at the #1 online meditation service InsightTimer. In our noisy, noisy world, it can seem nearly impossible to find ways to turn off our busy minds, which so often flood us with worry and unending lists of tasks. So how do you find your way off the negativity treadmill? When you feel overwhelmed and afraid, how can you return to a place of groundedness and connection? “When we turn toward our hearts, we arrive like a bolt of lightning in the present moment, and all our arguments against ourselves and life go quiet,” teaches Sarah Blondin. “No matter where you are, no matter what you are doing, you can touch this place in yourself to feel free and alive.” With poetic brilliance and skillful instruction, this renowned teacher brings you a treasury of meditations and spiritual teachings to help you detach from your busy mind and tune into your feeling heart. As the students of

her popular online trainings can attest, these simple and powerful practices can instantly bring you into a deeper connection with yourself and others. And you can go back to these meditations whenever you feel overwhelmed, disconnected, or afraid. Read *Heart Minded* from front to back for a full course in living a life guided by the wise heart—or open to any page for a reminder that, beneath your burdens and troubles, you are fundamentally whole and free. This book includes links to free guided meditations on audio, presented by Sarah Blondin.

Dumping In Dixie - Robert D. Bullard 2008-03-31

To be poor, working-class, or a person of color in the United States often means bearing a disproportionate share of the country's environmental problems. Starting with the premise that all Americans have a basic right to live in a healthy environment, *Dumping in Dixie* chronicles the efforts of five African American communities, empowered by the civil rights movement, to link environmentalism with issues of social justice. In the third edition, Bullard speaks to us from the front lines of the environmental justice movement about new developments in environmental racism, different organizing strategies, and success stories in the

struggle for environmental equity.
